Stephanie and I will be on the Water Education Foundation's Bay Delta Tour all day Wednesday through Friday, so will not be available for this call. Angeles - will you be able to cover it?

Either you or Angeles should listen in on the call with Perciasepe.

Enrique Manzanilla

Cliff -

After hearing of your plan to meet with Wetlands Water District today, I learned that the Westlands folks are also scheduled to meet with Bob Perciasepe and Bob Sussman on Wednesday 6/13, and that Region 9's DRA, ORC, and Water Division will participate in that meeting via phone. Below are briefing materials that were prepared for that meeting.

Please let me know what transpires in your meeting today.

Thanks -

-Kathy

Hi Teri -

In preparation for the June 13 meeting with the Westlands Water District, Bob Perciasepe and Bob Sussman, you asked Region 9 for information on the Bay Delta Conservation Plan. Attached is a short paper:

[attachment "BDCPpaperforBobsJune6.docx" deleted by Kathleen Goforth/R9/USEPA/US]

We anticipate that other topics related to EPA's activities in the Bay-Delta may arise. In particular, in February 2011, Region 9 issued an Advanced Notice of Proposed Rulemaking (ANPR) regarding certain water quality issues in the Bay Delta Estuary. This was a commitment in the Interim Federal Action Plan of December 2009. For background, here is a Fact Sheet and FAQs on the ANPR:

[attachment "BayDelta-final-SFBDE-ANPR-factsheet.pdf" deleted by Kathleen Goforth/R9/USEPA/US]

[attachment "BayDeltaANPR-FAQs.pdf" deleted by Kathleen Goforth/R9/USEPA/US]

I believe the ANPR was discussed when Westlands met with Nancy Stoner this past March. Westlands submitted comments in response to the ANPR which can be found at: <http://www.epa.gov/sfbay-delta/pdfs/comments/EPA-R09-OW-2010-0976-0037-1.pdf> The two page Table of Contents provides a good summary of their input.

We have recently completed our assessment of the information submitted pursuant to the ANPR. Based on this assessment, we have drafted a document, Water Quality Challenges in the San Francisco Bay/Sacramento-San Joaquin Delta Estuary: EPA's Action Plan, which articulates EPA's priorities. We plan to finalize this document in late June. A draft has recently been shared with the Office of Water and will be shared with other Federal agencies shortly. Please let me know if you would like a copy.

Is there anything else that would be useful in preparation for next week's meeting? - Karen
